- Early todo, to test issue #2.

Chapter 1

The first

- Are all these necessary?

1.1 Sample section

- Actually put text instead of lorem ipsum.
- Lorem ipsum dolor sit amet, consectetur adipisicing elit.

1.1.1 Sample subsection

- Actually put text instead of lorem ipsum. And also do other things.

1.1.2 lorem

- ref: Missing ref.
- Lorem ipsum is repeated.
- Lorem ipsum dolor sit amet, consectetur adipisicing elit.
- Actually put text instead of lorem ipsum. And also do other things on the same line. And continue again on the next line. (after the dot too).

1.2 ipsum

This is plain text. This is a plan that is not itemized. This is a todo that should apppear in line here, but itemized in the todolist.

- Lorem ipsum dolor sit amet, consectetur adipisicing elit.
- This section is unclear. Tries to say something else.

para 1

para 2

1.2.1 para bug
1.2.2 para bug

para 3

para 4

para 5 These can overlap if the sectionning is not done correctly.

- This todo should be in Gray and appear as done.
- This todo should be in red and appear and is not done.

Chapter 2

Test the multi-line functionality

This should print raw text not in an item.

- Black summary test. This should match the previous sentence.
- This should be red text for an item "to-do". This should match the previous sentence.
- This should be "OliveGreen" text for a muddled paragraph. This should match the previous sentence.
- This should appear in blue for a planned paragraph. This should match the previous sentence.

Chapter 3

Test import

This doesn't work yet.

- Import a file.
- Tom: Comment from supervisor.
- Tom: Comment from supervisor. with many dots.
- Tom: Comment from supervisor. with many dots. (eol then done)
- Tom: Comment from supervisor. with many dots. (done then eol)

Chapter 4

Test import

This doesn't work yet.

- Import a file.
- Tom: Comment from supervisor.
- Tom: Comment from supervisor. with many dots.
- Tom: Comment from supervisor. with many dots. (eol then done)
- Tom: Comment from supervisor. with many dots. (done then eol)
